# Class Officers

Left to Right: Tom Donovan, Amanda Woodmancy, Kristen Maylott, Amy Bourgoin, Michelle Arslan, Colby Hoffman

Theodore Roosevelt once said, "Keep your eyes on the stars and your feet on the ground." Throughout the four years in Enrico Fermi High, we have been taught this. We know that not only are our dreams and goals in life important, but friendship and knowledge are key. Fermi has united us, and made us into the amazing people that we are today. We know to set our goals and dreams of success in the future very high, but also to never forget the memories we had while doing this.

Over these 4 years we have all changed so much. We have started growing up, from young, nervous, and inexperienced freshmen, to intelligent, talented, and mature men and women. Fermi has laid a great foundation for all of our future endeavors and I hope that every individual remembers that anything is possible.

As we leave Enrico Fermi to pursue our careers in the "real world," it is important to remember to never give up, and to be the best you can be. I hope that you will not forget these high school days, and all the lessons that we have learned along with the memories we have made.

I urge everyone to remember these years and to live life to the fullest every day. I wish you all the very best in all of your future plans. Good luck and congratulations class of 2006!

Mr. Paul K. Newton

To the Class of 2006:

Do you remember sitting in the Fermi auditorium on a warm August evening just before you began your ninth grade year? I believe we called it New Student Orientation.

On that evening I asked you if a really big number (something like 1,395) had any significance to you. I then told you that it was the number of calendar days before your graduation. You laughed politely but I am not sure that it really sank in that within those 1,395 days how much your lives would change and take shape. When you first came here you were filled with questions, thoughts, and in some cases fears. You were unsure about what would happen over the next four years of your lives. Each of you brought your own unique talents, ideas, and ambitions. I feel so fortunate to have seen your talents blossom in the theatre, in musical productions, and on the athletic fields. I enjoyed having your ideas discussed in classes and expressed in ways that helped shape our school. I am amazed by your ambitions and your goals to make our town, our state, and our nation a better place for all. You have blended together to form your legacy as the Class of 2006. You will long be remembered as a wonderful group of young people who are ready to face all of the challenges that the world outside of Fermi has to offer. As you leave us I have one request of you. Please take time to remember and reflect on your time here at Fermi. I sincerely hope that these four years were the best four years of your lives. I wish you all the best in everything that you do. You will always be part of our Enrico Fermi High School Family and you will always have a welcome spot in our halls and our hearts. Good luck to each and every one of you!

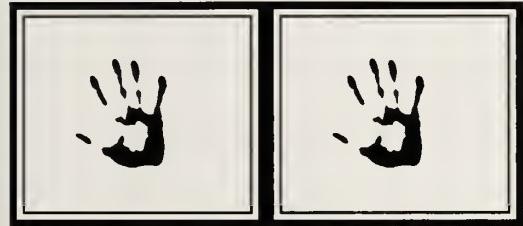

I will miss you,

Paul K. Newton

"YOU MAY NOT REMEMBER  
THE FRIENDS YOU HAD, BUT  
YOU WILL ALWAYS REMEMBER  
THE PEOPLE WHO HELPED  
YOU GET THERE."~AK

Dear Class of 2006,

I have had a tremendous pleasure getting to know you over the past two years. Although the time may have been short, you have left me with many lasting memories. As you prepare to move on to new challenges in your lives, remember these words as written by the poet Billie Joe Armstrong:

Another turning point, a fork stuck in the road.  
Time grabs you by the wrist, directing you where to go.  
So make the best of this test, and don't ask why.  
It's not a question, but a lesson learned in time.

I wish each of you success and happiness in your future endeavors.

Sincerely,

Mr. Coccia

## Homecoming 2005

The Fermi Homecoming celebration of 2005 started off with a bang on October 21, 2005. The bonfire was the first of many events for the exciting weekend. Many students came out to enjoy the many groups that performed throughout the night. New this year was a variety of carnival booths that were put together by organizations throughout the school. DECA held the quarter toss while the Fermi Safe Graduation Committee sold pizza for the hungry students. The Fermi football team was even brave enough to have a dunk tank on the chilly night. The fire provided warmth for all of those attending the celebration on the very cold evening.

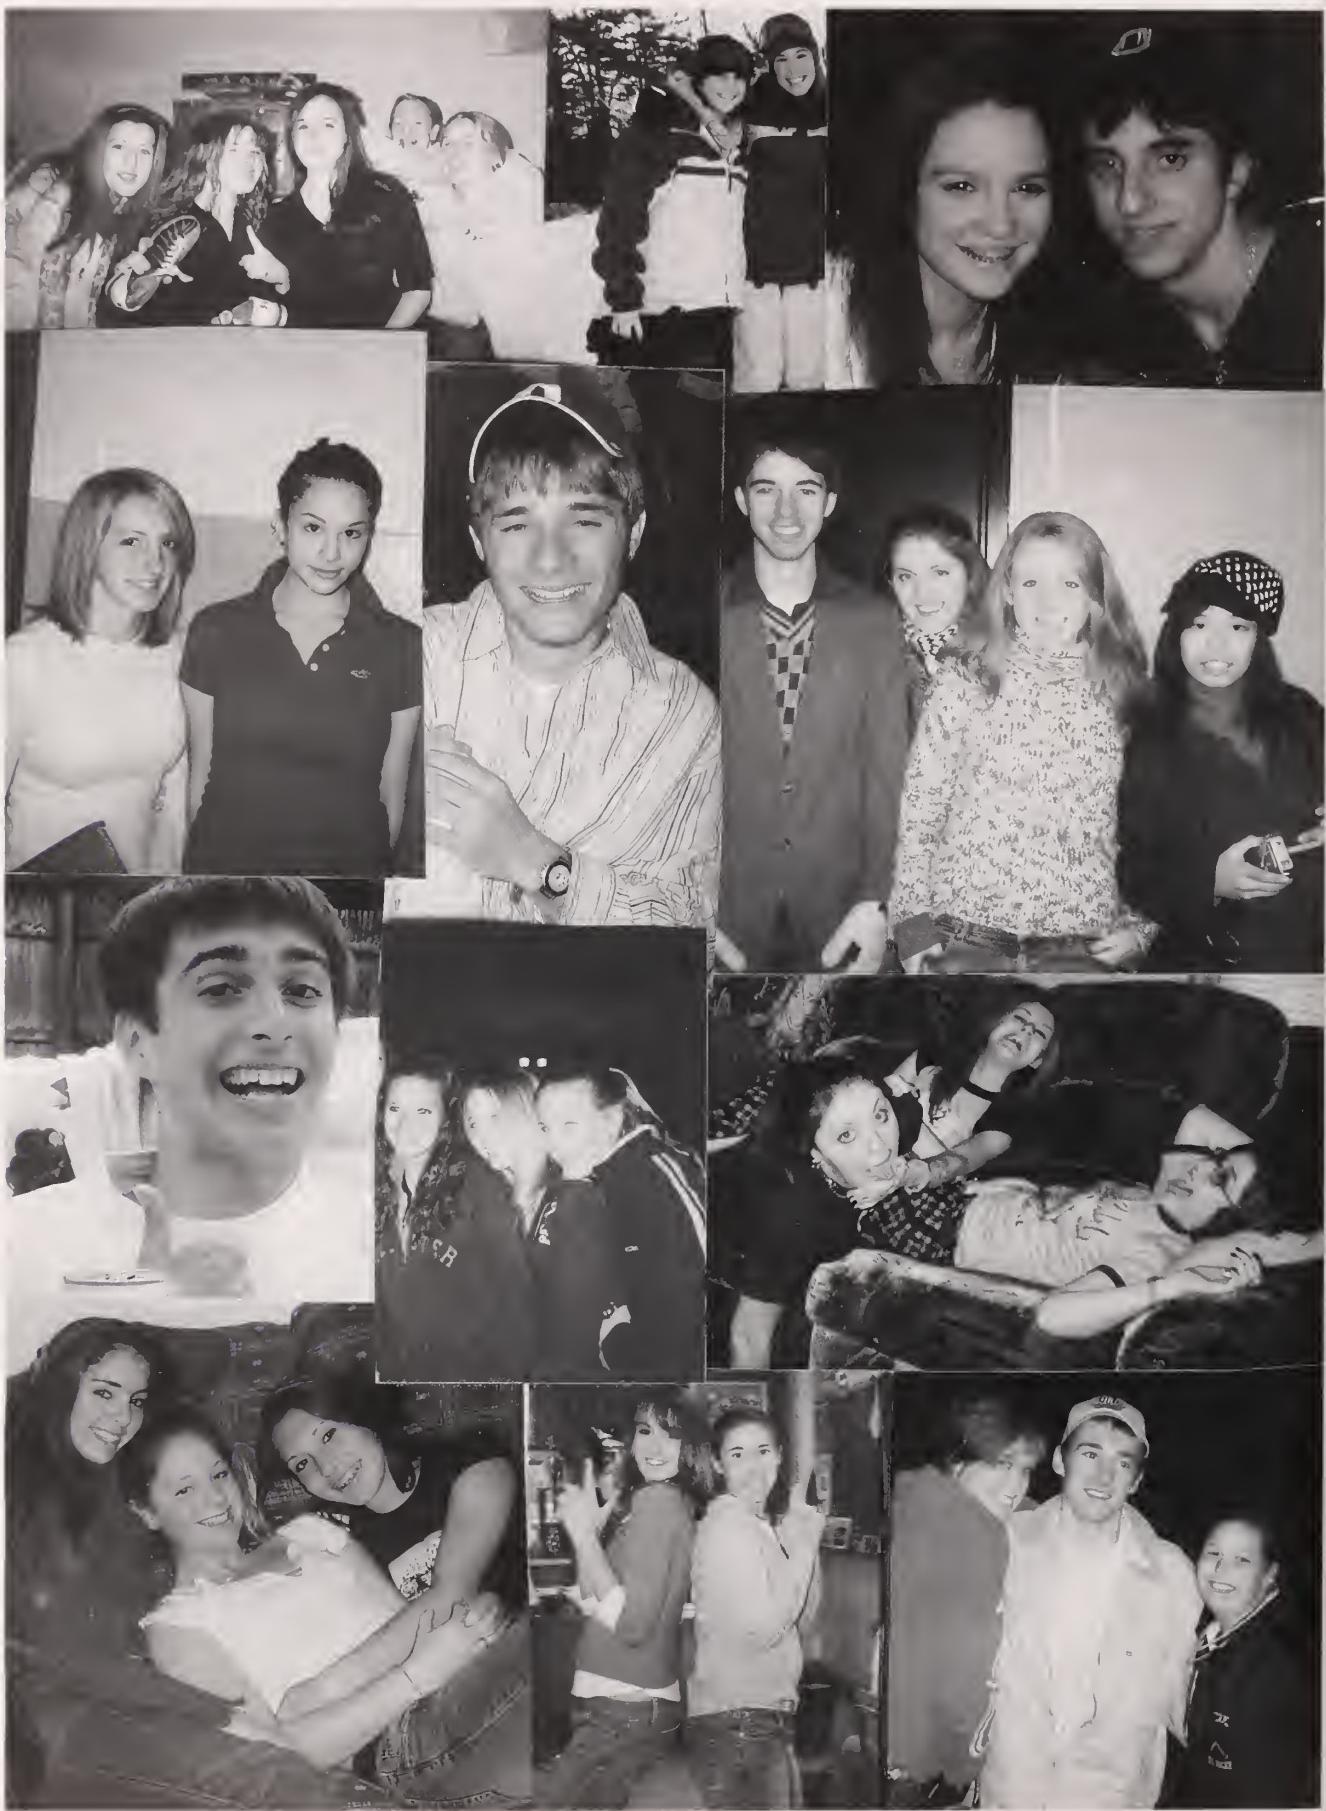

October 22, 2005 started with many cheers from the cheerleaders and the music from the Marching Band as they lead the Homecoming Parade. They were followed by teachers and administrators and the four class floats. The Safe Graduation Committee also had their own "Mardi Gras" themed float this year. Justine Lombardi was the sole member of the royal court who concluded the parade seated on top of a convertible. The parade ended and it was on to the football game where Officer Al won the Couch Potato Contest held by the Fermi cheerleaders. After an exciting first half, the winners of the float parade were announced. The seniors' lighthouse float came in first, followed by the freshmen, juniors, and the sophomores.

Later that night, after the game, a semi-formal dance was held. A great time was had by all and Fermi Homecoming 2005 was a huge success.

This year we had an amazing season! We were 11-7 and made it to the state tournament where we unfortunately lost to Newington. We had a tough time coming back from a 4-14 record the previous year, but with the girls we had, we knew we were going to make it far. In addition, we had two members make all-conference this year, which was awesome! We love you girls and we wish you the best of luck next year! We'll be coming back to watch! We started off the season a little bumpy when we had the challenge of adapting to new coaches. But like a team we pulled through and made the best of the two months we spent together. We had a successful season from the beginning to the end. Many improvements and achievements were made. Congratulations seniors 2006 & good luck to everyone in the future.

This year we had a really great season. Everyone made so much improvement and I am so proud of everyone. We had some awesome races at the CCC East Championship and State meets.

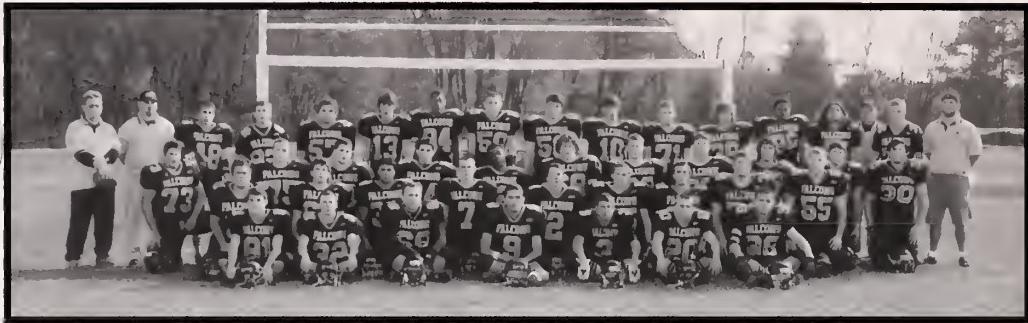

The crazy bus rides, funny sayings, and 100 % effort at every meet made this season unforgettable. Good luck next year and don't forget to have fun in the Boom Boom Room!

Love Always,  
Katie

Our team worked hard this year through many miles, hills, effort, and determination. The girls ran hard all season and were able to beat Rockville, a first in school history. Both guys and girls were sent to the state meet at Wickham where everyone competed at their best. From those "long" runs, Shark and Minnows days, and time spent down in the Hollow, many memories were made.

Good luck next year and run hard!

Here I am sitting along the poolside spectating my team's practice because of my injury. When I look into the water I see determination, loyalty and team work. Each swimmer, no matter what they say, is striving to be better. I, as captain, can say they have all done that. All of my teammates

have had personal best times throughout the season. Including Kevin McKeown breaking 3 school records. I will miss the amount of effort that each swimmer puts into practices. It was a lot of work but it was worth it for the amount of fun we had. Great job guys, I wish you the best

of luck next year

# The 2006 Fermi Talent Show

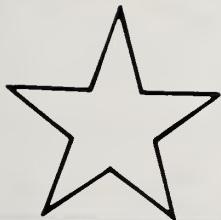

## Watch This!

This year's Talent Show was a great success. A lot of planning, talent, and hard work went into putting on this production. We had a great cast whose dedication to their acts and to the show helped make the show what it was. Hosts Michelle Arslan, Sarah Manzone, and Joe Nascembeni added creativity, humor and original style to make the show a hit.

We'd like to thank the teachers for working the house, Michael Stewart for filming and editing "The Apprentice: Host Edition" and a special thanks to Mr. Dube for all his dedication and hard work as director.

We had a lot of fun and really enjoyed putting on this show and we hope you did too!
